

September 9, 2009

Dear Chair of the House Judiciary Committee and Members,

I am writing regarding the package of bills that addresses a broad range of issues from “emergency contraception” to insurance benefit requirements.

Citizens for Traditional Values is an organization that is concerned with protecting the sanctity of human life and therefore opposes any legislation that threatens that viewpoint. With this in mind, Citizens for Traditional Values is opposed to mandating pharmacists to provide medication that is contrary to their religious beliefs, placing restrictions on pregnancy resource centers, providing contraception coverage by health insurances, and health insurance coverage for infertility treatments.

We appreciate your service to the people of Michigan and urge you to vote no on H.B. 5164, H.B. 5158, H.B. 5156, H.B. 5157, H.B. 5159, and H.B. 5160.

If you have any further questions regarding our position on these bills please do not hesitate to contact us at 517.321.1390.

Sincerely,

Amy Hawkins
Executive Director
Citizens for Traditional Values
